

AUTO SEATSAN ELLIPSE

Touch Free Toilet Seat Sanitising Foam Dispenser

AUTO SEATSAN ELLIPSE provides an ultra hygienic solution for toilet seat sanitising. The unit dispenses virucidal/ bactericidal toilet seat sanitising foam. The ultra economical foam uses 30% less consumable than a comparable fluid sanitiser and kills 99.99% of bacteria found on toilet seats. The consumable also conforms to European bacterial and fungicidal standards.

Thanks to its highly energy efficient electronic module AUTO SEATSAN ELLIPSE takes just 2 individual D-Cell batteries to service up to 85 sanitising foam bottles which means that your running costs are kept extremely low.

The dispensers are available with a selection of customised inserts or in Kennedy's range of attractive finishes ⁽¹⁾

Finishes available

Arctic White Designer Grey Chrome

Customised insert designs available

White Turquoise Red Beige Metal Carbon Wood Water Drops

Benefits

Reliability and performance

- > Optimised electronic module to reduce battery consumption and running costs: up to 85 bottles of 800 ml seat sanitising foam per battery set.
- > Quick-shot dose delivery system
- > Straightforward design and use of highly durable material
- > Locking system to deter theft and guarantee content integrity
- > The battery enclosure is secured using the standard Kennedy key
- > The pump "module" is a self contained, sealed unit
- > Non-drip patented pump mechanism for foam soap

Ease of Service

- > Low battery indicator LED on front cover
- > Hinged cover for operator convenience and speed of service
- > Practical inspection window shows when a refill is required
- > One security key for the whole Kennedy range

Maximum Hygiene

- > Electronic no touch unit for ultimate hygiene
- > Patented one-way valve prevents soap and bacteria from returning to the cartridge

⁽¹⁾ Customised inserts are available with the Arctic White finish. Designer and Chrome finishes come with a black insert.
