

# SCINTILLA SURFACE SANITISER

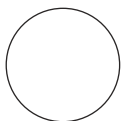

SCINTILLA SURFACE SANITISER dispenses virucidal/bactericidal wet wipes. The specially impregnated wipes kill 99.99% of bacteria found on surfaces ( desks, phones ...) and conform to European bacterial and fungicidal standards. Simple and effective the wipes are dispensed via a single wipe dispensing aperture to minimise waste and are bio-degradable.

SCINTILLA SURFACE SANITISER cares for the well-being of the end user.

## Benefits

### Reliability & Durability

- > Bio-degradable wet wipes
- > Single wipe dispensing aperture minimises waste

### Maximum Hygiene

- > Wipes active against pseudomonas aeruginosa, staphylococcus aureus, echeriichia coli, enterococcus hirae, candida albicans and viruses HBV, H1N1 and HIV
- > Wipes meet European standards EN 1275, EN 1040 and EN 14476

### End user Satisfaction

- > No finger contact with dispenser: next wipe is systematically delivered
- > Flash drying for immediate use
