

Hycare

The ultimate hygienic cotton hand drying cabinet

Range

Hand drying

Product Code

CAB HYC

Hycare is a modern, robust and durable cotton roll towel dispenser.

This fully automated towel dispenser with a new sideways operation provides superior hygiene and environmental benefits, and delivers luxurious hand drying experience for the end user.

The two-chambered unit separates the clean and used sections of the towel roll preventing cross contamination. The pre-laundered cotton towel offers excellent absorbency and hygienic standards. It is a natural biodegradable product, making this system a positive choice for the environment.
