

# Integra Stainless Steel

Best-selling cotton roll towel (CRT) cabinet

## Range

Hand drying

## Product Code

CAB ITG MTL

The Stainless Steel Integra is ideal for even the busiest washroom. It is a highly robust and reliable hand drying unit that provides hygiene, service and environmental benefits, while delivering a 'comfort like home' hand drying experience for the end user.

The consumable used with Integra - the cotton towel - is a natural biodegradable product, making it a positive choice for the environment. This cabinet is designed to be used with 40m long standard towel, up to a maximum width of 270mm. It delivers 200 portions of clean towel from a standard 40m towel.

## Finishes available

Stainless Steel

## Benefits

### Reliability and durability

- Stainless steel cover
- Proven ultra-robust mechanism with steel gears
- Minimum maintenance required, with easy availability of spare parts

### Hygiene and image

- Used towel isolated from clean towel
- Modern and elegant design

### Ease of service

- Lockable cabinet to prevent unauthorised access
- Single right-hand lock

### Environmentally friendly

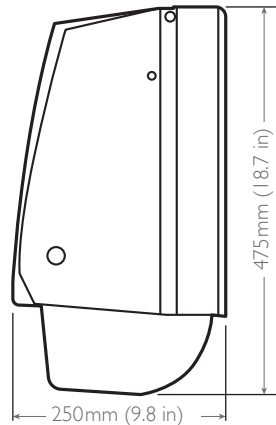

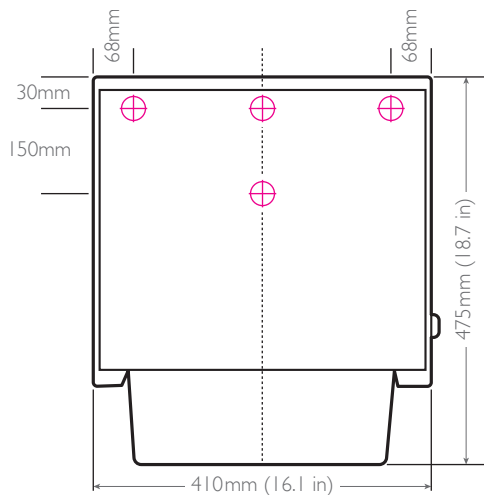

- Mechanical operation – no external power source required
- Cotton towels are 1.5 times less harmful to the environment than paper equivalents\*
- 100% recyclable components

INTEGRATED HYGIENE SOLUTIONS
