

Nova Auto

The perfect solution for maximum hygiene

Range

Feminine Hygiene

Product Code

LAD BIN MK4 AUT

Nova Auto is the next generation in the range of automatic feminine hygiene bins from Kennedy. Following in the footsteps of the Intima bins, this is further improved market leading unit.

Available in 22 L capacity, it has a modern and compact design for optimal floor space. User friendly and robust, it can be used for liner exchange service. The Nova Auto embodies exceptional functionality, quality and unique service-friendly features.

The Nova range is available in electronic no-touch and foot pedal version.

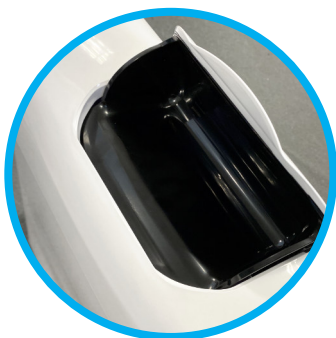

Finishes available

White Designer Grey Chrome

Benefits

Hygiene and image

- Elegant, functional and modern design
- No-touch electronic model for hands-free operation
- Soft close flap for discreet user experience
- Black coating of the flap for fresh appearance between servicing

For extra hygiene

- Snap in/out protective flap insert
- Protects against soiling and aids super-fast and hygienic service
- Reinforced drawstring “easy closing” bin liners
- Germicidal powder sachets

Ease of service

- Capacitive no touch sensing technology (hidden actuator)
- Easy to open and close auto module (manual latch, no need for tools)
- Reversible top cover for easy location either side of the cubicle

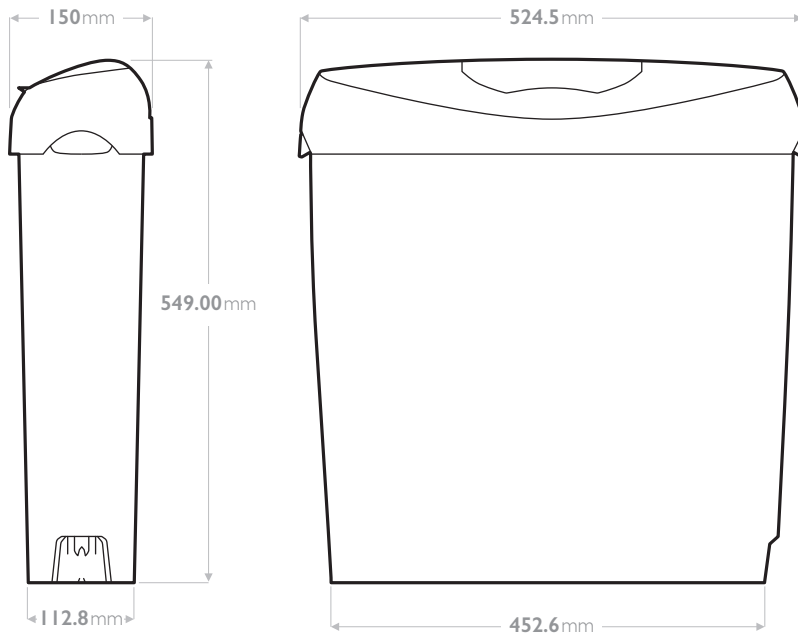

- Slim design to fit in smaller cubicles
- Designed with soft edges to aid cleaning
- Recess in the back of the cover to ease carrying
- Side latches for easy opening of the cover and liner fitting
- Smaller flap to avoid disposal of unsuitable waste
