

NOVA OBSIDIAN

Elegant feminine hygiene unit made from recycled ABS plastic

Range	Product Code
Feminine Hygiene	LAD BIN MK4 PDL

Nova Obsidian is the next generation in the range of feminine hygiene bins from Kennedy Hygiene.

Available in 22 L capacity, it has a modern and compact design for optimal floor space. The Nova embodies exceptional functionality, quality and unique service-friendly features.

Made from 98% recycled ABS of total plastic used, it is the ideal sanitary unit for businesses that seek to reduce their carbon footprint, while offering customers an exceptional washroom experience.

Benefits

Environmentally friendly

- Made from 98% recycled ABS of total plastic used
- Its components are recyclable
- Mechanical operation – no external power source required

Ease of service

- Reversible top cover for easy location either side of the cubicle
- Slim design to fit in smaller cubicles
- Designed with soft edges to aid cleaning
- Recess in the back of the cover to ease carrying
- Side latches for easy opening of the cover and liner fitting

- Smaller flap to prevent disposal of unsuitable waste
- Compact pedal mechanism

Hygiene and image

- Elegant, functional and modern
- Foot pedal model for hands-free operation
- Ergonomic pedal for either side or front activation
- Soft close flap for discreet user experience
- Black coating of the flap for fresh appearance between servicing

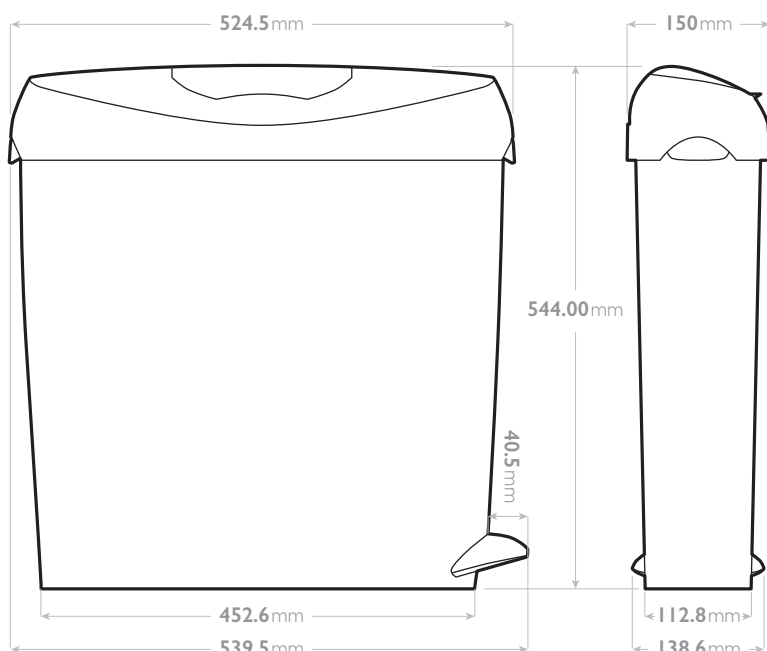

For extra hygiene

- Snap in/out protective flap insert protects against soiling and aids super-fast and hygienic service
- Reinforced drawstring "easy closing" bin liners
- Germicidal powder sachets.

INTEGRATED HYGIENE SOLUTIONS
