

# Savona Wopa

Large capacity soap dispenser

## Range

Soap dispensers

## Product Code

SPD WOP UNP

The Savona Wopa is Kennedy's 2.5 litre dispenser, available in cartridge and direct fill versions and suitable for all hand washing environments.

Built for service, the dispenser is robust and reliable while boasting features such as a clear inspection cover and hinged cover both to aid operator convenience. The dispenser has been designed to function with a low dose rate to enable cost control. Savona Wopa has a classic design which means it suits both standard and prestigious environments.

## Finishes available

White

## Benefits

---

### Reliability and service

- Made of highly durable ABS
- Robust reusable crack-resistant nozzle
- Clear and large inspection cover shows when refill is required
- Hinged cover for operator convenience & speed of service
- One security key for the whole Kennedy range

### Hygiene and image

- Soap has no contact with the unit and comes directly from nozzle to hand
- Classic design to suit all environments
- Seamless integration with Kennedy's washroom dispenser range

### End user satisfaction

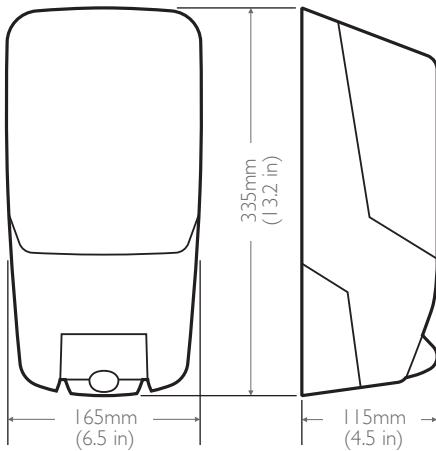

- Choice of consumables to suit a range of commercial and industrial installations
- Large robust lever for hand or elbow operation
- Low 1 – 1.5 ml (0.03-0.05 oz.) consumable dose rates
- Available as a direct fill option

INTEGRATED HYGIENE SOLUTIONS

Please note that life expectancy of both pump and nozzle will be dependent on frequency of use. These parts may need to be replaced during the life of the dispenser.
