

Seatsan Ellipse Auto

No-touch dispenser for toilet seat sanitising foam

Range

Sanitising dispensers

Product Code

TSS ELP ASN

Seatsan Ellipse Auto provides an ultra-hygienic solution for toilet seat sanitising. Thanks to its highly energy efficient electronic module, the automatic dispenser takes just two individual D-Cell batteries to service up to 85 bottles (of 800 ml each) which means that your running costs are kept extremely low.

The ultra-economical foam uses 30% less consumable than a comparable fluid sanitiser and kills 99.99% of bacteria found on toilet seats. The consumable also conforms to European bacterial and fungicidal standards.

Finishes available

- White
- Designer Grey
- Chrome

Customised insert¹ designs are available in 8 options:

- White
- Turquoise
- Red
- Beige
- Metal
- Carbon
- Wood
- Water drops

Benefits

Maximum hygiene

- Electronic no-touch unit for ultimate hygiene
- Foam meets European Standards EN 1275 and EN 1040
- Bactericide kills Staphylococcus aureus, Pseudomonas aeruginosa and Candida albicans

End user satisfaction

- Smooth dispensing foam alleviates irritating mis-sprays
- Flash-drying enables immediate toilet use

Reliability & durability

- Optimized electronic module to reduce battery consumption and running costs
- Straightforward design and use of highly durable ABS material
- Secure locking system to deter theft and guarantee content integrity
- Non-drip patented pump mechanism for sanitising foam

Ease of service

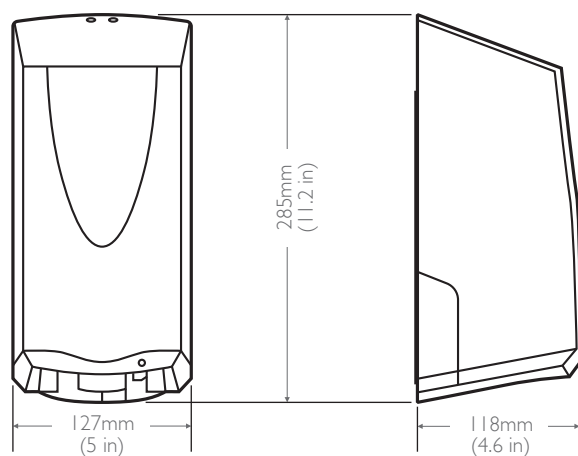

- Low battery indicator LED on front cover
- Error-proof refill loading feature
- Practical inspection window shows when a refill is required

INTEGRATED HYGIENE SOLUTIONS

¹ Customised inserts are available with the Arctic white finish. Designer grey and chrome finishes come with a black insert.

Technical Specifications

HEIGHT

285 mm (11.2 in)
