

Tekna Ellipse

Mechanical retractable cotton roll towel (CRT) cabinet

Range

Hand drying

Product Code

CABTEK ELP

Tekna Ellipse is the most advanced cotton towel hand drying solution. It provides unrivalled hygiene, service and environmental benefits while delivering a 'comfort like home' hand drying experience for the end user.

Tekna Ellipse features automatic retraction of each used towel portion and of the towel end; and delivers 200 portions of clean towel from a standard 40 m towel.

This cabinet helps protect the environment as it combines eco-friendly engineering with the cotton towel - a natural biodegradable consumable.

Finishes available

- Arctic White
- Designer Grey
- Chrome

Customised insert designs available
